

LoRa TypeABZ Support Site Access Guide

Murata provides access to documents and support for LoRa TypeABZ Support Site for customers who purchased evaluation kit for TypeABZ. At this support site, we provide a complete datasheet, application notes, design guide and other useful content. To access, user is required to register and request access to the support site. For registration to this site, please follow the instruction below.

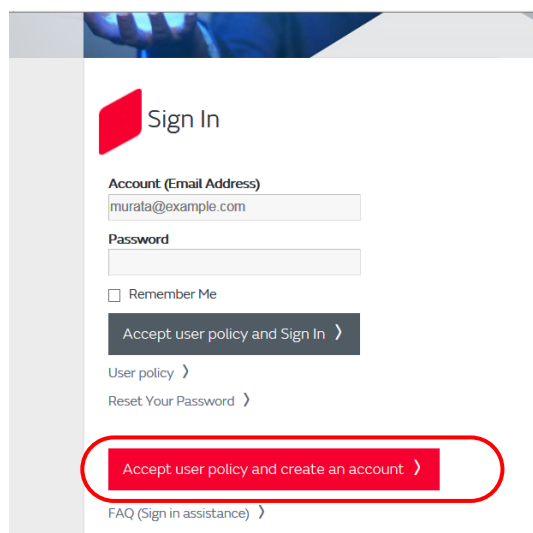

1. Create an account at My Murata

To access “LoRa TypeABZ Support Site”, first, you need to register at My Murata site. Please click following URL or copy paste in address bar of your browser.

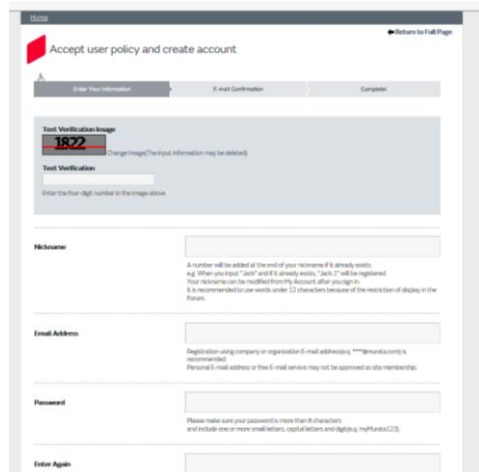

English: <https://my.murata.com/en>

Japanese: <https://my.murata.com/ja>

Read the User policy first and if you agree then click on “Accept user policy and create an account” button.

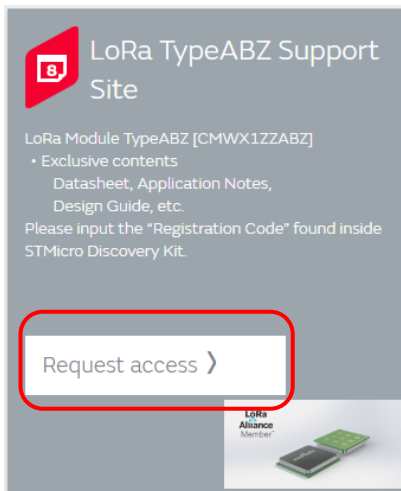

Follow the instruction and create a My Murata account.

2. Register to “LoRa TypeABZ Support Site”

Once you have created My Murata account, next step is to register LoRa TypeABZ Support Site. Log in to MyMurata and you will see “LoRa TypeABZ Support Site” link. Click “Request access” button in the box labelled “LoRa TypeABZ Support Site” as shown below.

Enter the registration code provided in the Design Kit you purchased at the Registration code input box as shown below and click “Request membership” button.

Request for Membership for LoRa™ TypeABZ Support Site

Logging into the support site in my Murata indicates your agreement to abide by the following:

1. You shall comply with all applicable export control rules and regulations by the competent governmental authorities.
2. You shall not use the products on this support site in my Murata (“Products”) for any purposes related to chemical, biological, space industry or nuclear weapons or missiles capable of delivering such weapons.
3. LoRa™ TypeABZ Support Site in my Murata shall be governed and construed in accordance with the laws of Japan, without regard to its rules concerning conflict of laws and be subjected to the exclusive jurisdiction of Kyoto District.

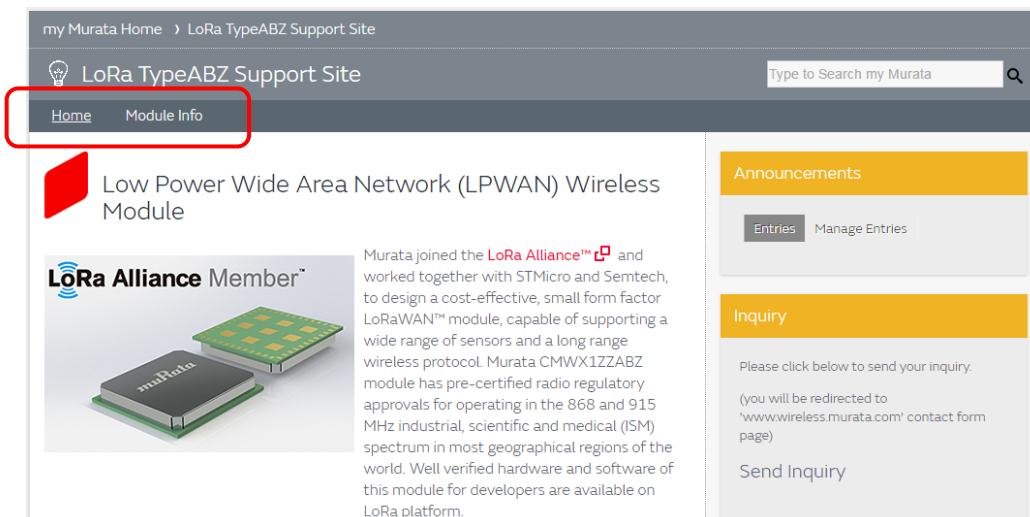

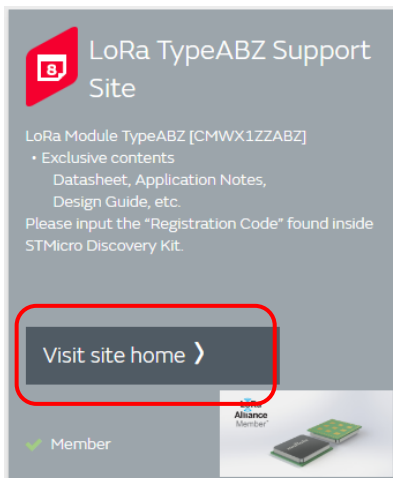

Registration Code (registration code provided upon my Murata account ID registration process is NOT a Registration Code for here.)

* “YourCode” is NOT the appropriate registration code. Please find the correct code included in ST Discovery kit.

Your request will be processed in a few days and you will receive confirmation by e-mail.

Once your request is approved, you are able to access to LoRa TypeABZ Support Site. Click “Visit site home” button at the top page of My Murata.

At support site, as shown above, we provide basic information (home) and module dedicated information (Module Info). If you have any questions about support site registration process, please contact your local Murata sales representative.
